### Description

**Technicians are expected to work within a team environment.**

VCI Emergency Vehicle Specialists in Berlin, NJ has an immediate opening for a Body Shop Technician. Prepare damaged areas or components using the proper techniques and compounds to ensure a refinish ready product. Complete refinish phase of repairs according to OEM and paint manufacturer specifications and within required timeframes. Interact with the damage analysis team on vehicle or alternative part condition which could adversely impact the refinish product quality. Complete refinish detail (stripping, chip-guard, etc.) according to OEM specifications and within required timeframes.

### Requirements

High school diploma or GED preferred and a valid driver's license. Applicable collision industry experience as a paint technician or Certificate from a Vocational School in Collision. I-Car and ASE certification a plus. Must have own tools, be a team player and be dependable. Professional appearance and good communication skills are a must.
